

Box bingo

1

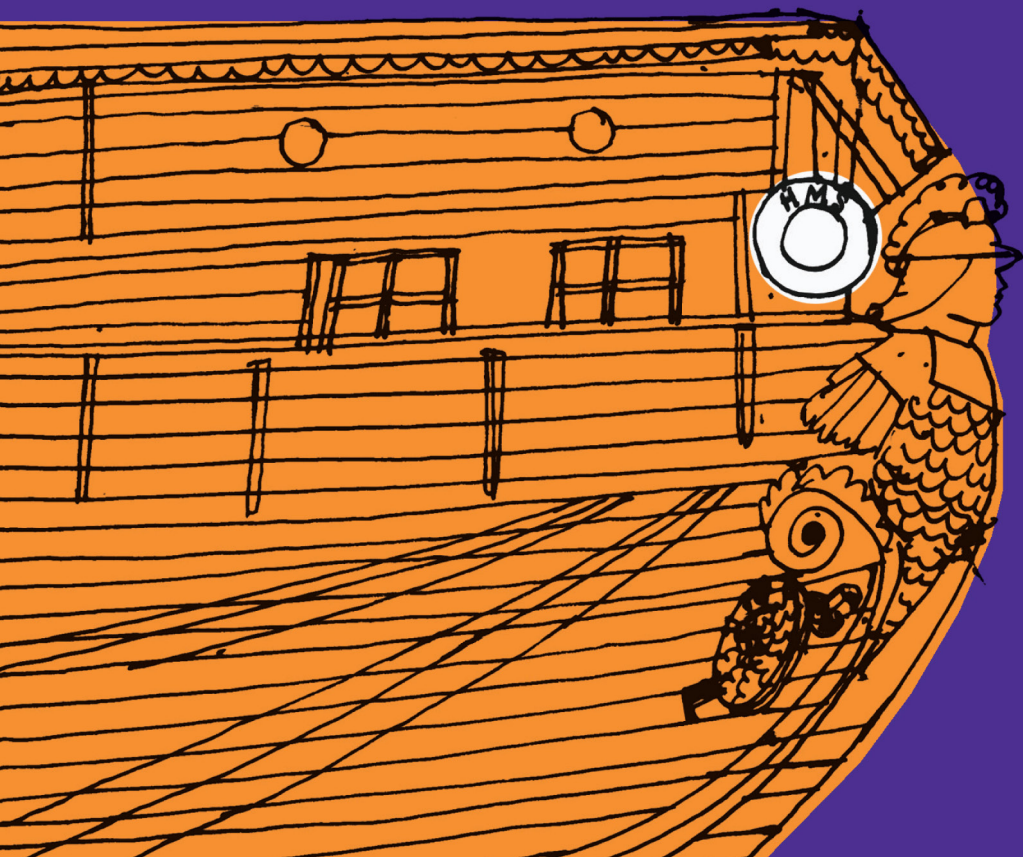

Have you ever played bingo? No? Well now's your chance. This version is a little bit different though.

We're going to go into every gallery in **The Box** today, so do some stretches, limber-up and off we go!

2

To test your skills, can you find a figurehead that looks a bit different to all the others?
What is its name?

3

Our bingo card is not in any order, so you could visit any of the galleries and find an object to cross off! Make sure you write down what each object is too.

Your second test – what is this and where could you find it?

4

Your final test, so let's work together – some of our objects are tiny, so we'll need everybody to spot them if we're in with a chance finding them all. Can you find the smallest thing on display?

5

Special bonus object! This records the bombs dropped on Plymouth during World War II – but can you find it?
