

Creative Curriculum Challenge 1

A is for Absolutely Anything (Literacy)

Is it just us, or can we see an 'M' in this picture of our Mammoth (look at her legs)?

This week's challenge is all about exploring your local area. While out on your daily walk, take a camera and use it to look closely at the world around you.

We want you to 'write' an alphabet using photographs. Look for shapes in plants, trees, pavements - whatever you find around you. If you see a mammoth during this challenge, you may have taken a wrong turn somewhere!

Once you've collected your letters, either print them or use a free photo collage app to arrange them in the correct order.

THE
BOX

Stretch Challenge

Why not use your letters to create sentences? Stretch your sentences using adjectives or adverbs. You might want to print them out a little bit smaller to do this. Can you also write 'The Box'?

Once you've completed your challenge, send us a photo to theboxlearning@plymouth.gov.uk by the end of Sunday. We'll pick a lucky winner (under 18s only) to receive a bag of goodies from our shop! Make sure you add it to your school home learning book too.
