

# Creative Curriculum Challenge 2

## Let's go on a 'Measure Hunt' (Numeracy)

Who needs a treasure hunt when you can have a measure hunt?

This week's challenge is all about discovering things in your house.

This Medieval gold ring from our collections measures 24mm across (diameter). What can you find in your house that measures exactly 24mm? Take a photo of it or draw it.

Then, find something that measures 10 times as big - something that measures 240mm (24cm). What can you find?

**THE  
BOX**

### Stretch Challenge

How tall are you? Measure yourself and try to find something that is the same or a similar size in your house.

Once you've completed your challenge, send us a photo to [theboxlearning@plymouth.gov.uk](mailto:theboxlearning@plymouth.gov.uk) by the end of Sunday. We'll pick a lucky winner (under 18s only) to receive a bag of goodies from our shop! Make sure you add it to your school home learning book too.
