

Creative Curriculum Challenge 3

Tudor's Recipe Challenge (Food Technology)

'I absolutely love the newest resident at The Box, a wonderful Martin Brothers ceramic crab. Some of you may have spotted that I also love cooking, especially the seafood I've recently delivered through @Call4Fish and the other amazing ingredients I can buy through shop4plymouth.co.uk. It got me thinking, what could I cook with crab?'
Tudor Evans OBE, Leader of Plymouth City Council

Tudor's challenge to you this week is to write a recipe for something you would like to eat. Ideally it will use locally sourced ingredients (vegetables, fish and/or meat from Devon and Cornwall).

THE
BOX

Stretch Challenge

Once you have your recipe why not try making it!

Once you've completed your challenge, send us a photo of your recipe or meal to theboxlearning@plymouth.gov.uk by the end of Sunday. We'll pick a lucky winner (under 18s only) to receive a bag of goodies from our shop! Make sure you add it to your school home learning book too.
