

Creative Curriculum Challenge 4

View from My Window (Art)

This challenge is a simple one: what can you see from your window? Hopefully your view is a little different to the one John Bratby painted (fingers-crossed for a bit less snow)!

We want you to draw your view from where you live. Plymouth and the surrounding area is such a varied place. Use pencils, charcoal, pastels - any materials you have to hand. If you're really up for a challenge, why not try using a drawing app on a computer, tablet or phone?

THE
BOX

Stretch Challenge

Draw with both hands (not at once... oh go on then, you can if you want to). If you normally draw with your right hand, try using your left hand. It feels odd, doesn't it? Just for fun, try drawing really quickly and really slowly too.

Once you've completed your challenge, send us a photo **theboxlearning@plymouth.gov.uk** by the end of Sunday. We'll pick a lucky winner (under 18s only) to receive a bag of goodies from our shop! Make sure you add it to your school home learning book too.
