

A young man with brown hair, wearing a light blue school shirt and a blue and yellow striped tie, is looking down at a large, brown, ancient clay jar. The jar has two handles and a small opening in the center. The background is blurred, showing other people in a museum setting.

Key Stage 3/4

About this pre-visit resource

This pre-visit resource gives you detailed information about the session you are attending with your class, as well as some extra tips about our venue, so that you can be well prepared for your visit to The Box..

About this workshop

This workshop takes place in the **Simmons Learning Room** and across a variety of galleries at The Box.

A strange cube has appeared in the middle of Plymouth and has been brought back to The Box for investigation. Since its arrival strange things have begun to happen around the Museum and galleries... The lead Curator has gone missing and it seems something bad might happen if we don't get to grips with what this strange artefact is and what it might do... an email from an encrypted IP address has arrived that seems to be connected and a timer is ticking down from one hour!

Each face of the cube seems to tell a story that relates to a different gallery at The Box: your students will aim to solve each face so that the box will reveal its secrets and stop whatever danger it foretells...

Key and new vocabulary covered in the workshop includes:

- Clue
- Investigate

STEAMPunk Escape Room

Key Stage 3/4

Preparing for your session

Find out about the Industrial Revolution in Plymouth.

Visit some of the amazing Engineering feats in Plymouth, including the Tamar Bridge or a boat trip to the Breakwater.

Plan a pre-visit to The Box before you come with your class, so you are familiar with the environment and spaces before your visit.

Visit the galleries

The galleries at The Box hold objects and archives about the topic you have explored in this session, as well as other fascinating subjects. To find out more about this topic, visit these galleries at The Box:
